- Simulate an expert

Ask ChatGPT to play the part of a customer, co-host, or talented expert.

Have a conversation with it, or ask it to generate content as if it were that specific persona.

Rob Lennon | **Audience Growth**
@thatroblennon

/Example prompt/

You are a talented analyst at a top-tier market research firm, a graduate of Harvard Business School. Coach me to create content that connects with C-level executives at B2B SaaS companies. What open-ended questions do I ask? Prioritize uncommon, expert advice.

@thatroblennon

🔸 Challenge the conventional narrative

Ask for examples of what contradicts the dominant narrative.

Generate content that challenges readers' assumptions.

Seek out provocative angles that defy expectations and break the mold.

Rob Lennon | **Audience Growth**
@thatroblennon

/Example prompt/

Topic: Growing your email newsletter

For the above topic, give examples that contradict the dominant narrative. Generate an outline for thought-provoking content that challenges assumptions.

◆ Use unconventional prompts

Try using prompts that are more open-ended or abstract.

This way you'll get unique and creative responses nobody else is.

By getting weird, you can unlock ChatGPT's creative potential in finding vivid language and unexpected topics.

@thatroblennon

🔸 Ultra-Brainstormer

It’s easy to have ChatGPT generate a list of potential topic ideas for your next project.

But often they're generic and expected.

Instead, ask it to come up with new angles or approaches to cover a familiar topic.

Rob Lennon 💥 | Audience Growth
@thatroblennon

/Example prompt/

Topic: How to double your creative output.

For the topic above, brainstorm new angles or approaches. Prioritize ideas that are uncommon or novel.

- Capture your writing style

Feed ChatGPT your writing.

Ask it to help you create a style guide for future outputs.

It'll give you the exact words to describe your voice and tone in a way that AIs understand.

Rob Lennon 💥 | Audience Growth
@thatroblennon

/Example prompt/

Analyze the text below for style, voice, and tone. Using NLP, create a prompt to write a new article in the same style, voice, and tone:

(Insert your text here)

🔸 Add in human-written techniques

Ask ChatGPT it to work according to good advice you've read elsewhere.

In the prompt below, I take some tips on persuasive writing from the Grammarly blog and ask it to apply them to my topic.

Rob Lennon | **Audience Growth**
@thatroblennon

/Example prompt/

Write a brief post about why copywriting is an essential skill in 2023.

Use these strategies:
- Use strong persuasive language
- Ask questions to transition between paragraphs
- Back up main points with evidence and examples
- Speak directly to the reader

@thatroblennon

🔸 Have ChatGPT write from different perspectives

Ask it to write from the perspective of a group of characters with different backgrounds or viewpoints.

Explore new ideas and perspectives, and add depth to your writing.

Rob Lennon | **Audience Growth**
@thatroblennon

/Example prompt/

Topic: Productivity for entrepreneurs

For the above topic, write multiple perspectives from a group with different viewpoints. For each perspective, write in their own voice, using phrases that person would use.

Rob Lennon 💥 **| Audience Growth**
@thatroblennon

🔸 Write in different styles or tones, such as satire or irony

Takeaway: By experimenting with different voices and perspectives, you can use ChatGPT to create more dynamic and varied content.

Rob Lennon 💥 | Audience Growth
@thatroblennon

/Example prompt/

Give the most ironic, satirical advice you can about using ChatGPT to create more effective content.

Rob Lennon 💥 **| Audience Growth**
@thatroblennon

🔸 Use ChatGPT to write in different formats

Ask ChatGPT to vary its output.

- Outline
- Mind map
- Bullet points
- Persuasive essay
- Chunks of text of less than 280 characters
- Using the structure: 1) What, 2) Why, 3) How

Rob Lennon 💥 | Audience Growth
@thatroblennon

/Example prompt/

Create a mind map on the topic of using Notion to stay organized as a content creator, listing out the central idea, main branches, and sub-branches.

Rob Lennon 💥 | Audience Growth
@thatroblennon

🔸 Generate content with a specific purpose or goal in mind

Tell ChatGPT who your audience is and what you want to achieve with your content.

Remember, it has no context about who you are or what you want unless you give it some.

So give it context.

@thatroblennon

🔹 Get creative with ChatGPT:
• The more you experiment, the more you'll discover
• Try out new and unconventional ideas
• Seek out new ways to find interesting and unique content angles

Oh, and have a little fun, creating truly unique content in the process.
